726th EAB USING 3in1

Capt Amanda Akimoff and MSgt Sharma Haynes (USAF) of the 726th EAB have been using the 3in1 system in the Horn of Africa. As a KO, Capt Akimoff has made 13 purchases to date totaling over \$18,000 using the device. As a frequent user of the 3in1 tool, she stated "It is so much better than using the paper SF44". Now the 3in1 system is self-sustaining for the 726th EAB with minimal tech support required.

FIRST 3in1 PURCHASE IN USAEUR

The 928th Contingency Contracting Battalion (CCBN) completed the initial 3in1 Train-the-Trainer program in October, 2013. The 928th CCBN contacted the 3in1 Project Management Office (PMO) to discuss the possibility of fielding 3in1 at MK Airbase, Romania. They were interested in using 3in1 in place of their manual SF44 process for all future SF44 purchases. Two 3in1 Subject Matter Experts travelled to Romania to train 2 Field Ordering Officers (FOO), 2 Pay Agents (PA) and 1 Disbursing Agent (DA). Training was completed on Friday, May 23rd, and the first purchase using 3in1 was made by SFC Michelle Ferguson (FOO) (Pictured Above) and 2LT Holly Pappafotis (PA). The 928th CCBN made the first SF44 purchase using 3in1 in USAEUR.

WHAT IS JCCS?

Joint Contingency Contracting System (JCCS) is DoD's agile, responsive, and global provider of joint expeditionary acquisition business solutions that fulfill mission-critical requirements, while supporting interagency collaboration.

WHAT IS 3in1?

3in1 is one of many JCCS modules. 3in1 is a joint procurement and financial solution developed to reduce risk to the field team, improve procurement and cash management on the battlefield, and provides immediate visibility into purchases/payments.
